Minutes of the meeting held under the Chairpersonship of Joint Secretary SBM-U on 05.12.2024 at 11:00 AM to review the progress of C&D off-take in Delhi-NCR

At the outset, the chair welcomed all present and impressed upon the officials of various Departments/ Agencies to make concerted efforts for timebound implementation of C&D waste off-take in Delhi-NCR. The chair expressed extreme concern over the slow progress of the C&D off-take targets set for 2024-2025 and directed all concerned Departments/ Agencies to expedite the process of off-take so that the targets may be achieved by the end of this financial year.

The chair, in addition to the slow progress in respect of set targets for 2024-25, also highlighted the substantial gaps between the targets set and the targets achieved by departments/ agencies for the last two FYs viz. 2022-23 and 2023-24. CPWD, NBCC and DDA being the central government bodies were sensitized on the slow progress against the set targets for FY 2024-25 and the huge gaps in the last two FYs. Further, the departments/ agencies were also reminded for the comprehensive scope of the C&D waste off-take in the nation with Delhi-NCR being the torch-bearer in this direction.

Following the concerns raised by JS (SBM), EverEnviro gave a presentation on the implementation of the annual off-take of C&D waste. The following action points were agreed upon:

Actionable points for EverEnviro:

- EverEnviro is being directed to make an Online Portal and share C&D plant locations, contact details, weekly inventory status, rate list, plant google locations & updated compliance of C&D off-take against MoHUA mandates.
- To draft a plan for the disposal of the remaining targets by the end of this FY.
- To categorise and form a breakup of the final products available in the plants.
- To show their off-take data plant wise.
- To inform the any technical/ administrative issue so that its disposal may process
- To ensure consumption of all the recycled material from C&D waste i.e. Soil, Aggregates, RCA, Sand & VAPs.
- To regularly arrange IEC activities at C&D plants of concerned departments/ agencies/ stakeholders/ customers.

Actionable points for concerned Departments/ Agencies:

- To prepare a roadmap/ work plan for the disposal of the targets set for FY 2024-25 by MoHUA and submit to this Ministry.
- To incorporate use of recycled material from C&D waste in their tender conditions. They should have also included tender clauses for the mandatory off-take of 20% C&D recycled products and VAP in all Government contracts and their linking with contractor payment. In this regard, environment clearance & RERA approvals may be solicit.
- To nominate nodal officers for monitoring of the C&D waste off-take.
- To form a institutional mechanism for the exchange of information between each other in respect of the use and disposal of C&D waste.

- CPWD, NBCC and MCD to achieve the targets through their lighthouse projects and by including the C&D off-take in each of its project. Also, they have to prepare a roadmap/ work plan for the remaining disposal of the targets set for this FY and submit a note through AS, CMD and DG respectively so that a meeting may be arranged at high level.
- To inform the any technical/ administrative issue so that its disposal may process.
- To review the progress fortnightly & monitor the target compliances set by MoHUA.

Actionable points for MoHUA:

- To take up the GST reduction issue on recycled C&D products from 18% to 5%.
- To peruse CAQM for the inclusion of operation of plants and movement of vehicles involved in the process during GRAP restrictions under the ambit of essential services.
- To approach NHAI regarding the issue of providing connectivity links from nearby highway (UER II) for C&D Plant Rani Khera.
- To approach CSIR for their engagement to increase the efficiency of the C&D plants.
- The set the next issuance 2025-26 off-take mandate for circulation by February or March, 2025.
